

The Parent Guild 2010-2011

The Parent Guild is a group of dedicated, diverse and dynamic parent volunteers who strive to improve school life for all of our students. We work in concert with the school to augment the various social, educational, athletic and cultural components of the curriculum. Fundraising events are held throughout the year and all monies raised goes towards making school life better for the students. Over the last few years our fundraising efforts have built the school playground, purchased choral risers for the school concerts, plays etc., replaced the stage curtains and helped to furnish and stock our wonderful library.

We are always looking for volunteers and new ideas. Your participation will give you an opportunity to benefit the school and ultimately your child (children). It is also a great way to meet other parents.

Please fill in and return to the office.
